

Equator Exploration Limited

2 December 2019

Details of Shareholder Call

Dear Shareholder,

Further to the previous advanced notice, we write to give registration details for the shareholder telephone conference call taking place at 12.30 pm GMT on Thursday 5 December 2019.

The purpose of the call is to update shareholders on operational activities. Philip Dimmock will speak on behalf of the Company.

We will use our usual successful format. After introductions and an update from the Company, we will take questions from the leaders of the Shareholders Liaison Group. They will previously consult with interested shareholders to form a structured list of questions. We do this, firstly, to cover the ground in an efficient manner and, secondly, to reduce the background noise that would occur if 50 or more lines were kept open. The Shareholder Liaison Group can be contacted by email equatorslg@gmail.com.

Towards the end of the 45 minute call, the floor will be opened for anyone to ask any outstanding questions.

Conference Details

Meeting: Equator Exploration Limited Shareholder Update

Date: Thursday 5 December 2019

Start time: 12.30 pm GMT

Duration: 45 minutes

To obtain the dial-in number and pass code, please register, before the start time, at <https://cossprereg.btc.com/prereg/key.process?key=P6J9FYB64>. If you need assistance during the conference, press *0 on your telephone and the BT operator will assist you.
